

POST MORTEM
CS 135 Winter 2026, Assignment 09

Question 2: `super.rkt`

Mistakes in Code Complexity:

- This question was done correctly by all students! No one violated the helper function restriction.

Question 4: `dangerous.rkt`

Mistakes in Code Complexity:

- This question was done correctly by most students.
- Some students wrote global helper functions for `generate-flagger`, violating the restriction.
