Programming Question 2 Post Mortem

Question 1 Programming [16 marks]

- Generally well done. The tree type which was most commonly incorrect was the Scapegoat tree.

Question 2 Experiment [5 marks]

- Issues here were widespread. Some of the more common errors are below:
- Some students didn't describe the setup in enough detail
- Some students didn't have tests over a large enough variety of trees
- Some students forgot to consider searches and inserts
