

CS 490 Project Post-Mortem Specifications – Winter 2013

Due: Paper copy due at (before) the final exam (you should also provide electronic copy via email to Dave only)

The post-mortem is an ***individual*** report, not group-based.

- Maximum of 2 pages (same specs as proposal)
- The Target Audience is:
 - Instructor (Dave)
 - You in the past (what do you wish you could have known before you started)
 - Future students (assume any personal information will be stripped / anonymized)
- One of the goals of this project is to capture your “tacit” knowledge
- Be informal, frank and honest
- Possible Topics:
 - What went well / what did not
 - Group dynamics / frustrations
 - Project Pitch Day (good / bad)
 - TA Interaction, Feedback
 - Effectiveness of the Learning experiences
 - Suggestions for improvement
 - Anything else you want to share
